

Support Center Services

Definition: Non-medical care, supervision and assistance provided in a non-institutional, group setting outside of the participant's home to people who because of their disability are unable to care for and supervise themselves. Services provided are necessary to prevent institutionalization and maintain the participants' health and safety. The care, supervision and assistance will be provided in accordance with a plan of care. An array of non-habilitative activities and opportunities for socialization will be offered throughout the day but not as therapeutic goals.

Transportation will be provided from the participant's residence to the habilitation site when the service start time is before 12:00 Noon. Transportation will be available from the participant's habilitation site to their residence when the service start time is after 12:00 Noon. The cost for transportation is included in the rate paid to the provider.

Providers: Support Center Services are provided by DSN Boards or companies/agencies qualified by SCDDSN to provide Day Services.

Conflict Free Case Management:

In order to honor choice and prevent conflicts of interest, providers of Waiver Case Management services must not provide any other waiver service to the same person. When there is a conflict, the WCM will help the participant understand why a conflict exists and offer a choice of either another WCM provider or another waiver service provider. The Case Manager must then transition the participant to the chosen provider within 60 days.

Arranging for the Service: When it is determined a participant needs Support Center Services they should be given a choice of providers of this service and the offering of choice must be documented. The participant and/or his/her family/guardian should be provided with a listing of enrolled providers. If there is only one available choice then this must be explained to the participant and/or his/her legal guardian and documented.

The need for Support Center services must be added to the participant's Support Plan. The SCDDSN Waiver Administration Division will review the request. The WCM must ensure the service is included on the STS. To initiate the service following approval by the Waiver Administration Division, an electronic authorization must be completed and submitted to the chosen provider. Ongoing Services must be authorized annually at the time of the Support Plan, and as changes are made to the service throughout the plan year. Support Center Services must be Board-billed to the participant's SCDDSN Financial Manager agency. This must be indicated on the authorization.

Monitoring the Services: The WCM must monitor the effectiveness, frequency, duration, benefits, and usefulness of the service along with the participant's/family's satisfaction with the service. Monitoring may be completed with the participant, representative, service providers, or other relevant entities. Information gathered during monitoring may lead to a change in the service, such as an increase/decrease in units authorized, change of provider, change to a more appropriate service, etc.

DDSN recommends that the Waiver Case Manager monitors this service when it begins and as changes are made.

Monitoring must be conducted as frequently as necessary in order to ensure:

- the health, safety and well-being of the participant;
- the service adequately addresses the needs of the participant;
- the service is being furnished by the chosen provider in accordance with the authorization, relevant policies and quality expectations;
- the participant/representative is satisfied with their chosen provider/s.

Some items to consider during monitorship include:

- Is the participant satisfied with his/her daily activity?
- Is the participant satisfied with the provider of his/her service?
- Is the service area clean and safe?
- What is the participant's attendance?
- What are the opportunities for choice given to the participant?
- Does the participant feel comfortable with staff?

Reduction, Suspension, or Termination of Services: If services are to be reduced, suspended, or terminated, a written notice must be forwarded to the participant or his/her legal guardian including the details regarding the change(s) in service, allowance for reconsideration, and a ten (10) calendar day waiting period before proceeding with the reduction, suspension, or termination of the waiver service(s). See **Chapter 8** for specific details and procedures regarding written notification and the reconsideration process.
